25X1X6

1. Pictures numbered from one to nine are all taken in the Port of Murmansk. intended to obtain a picture of the terrain surrounding the Port of Murmansk. These pictures were taken from the port hole of a liberty vessel lying alongside. was not permitted a camera by the USSR authorities/.

In order to obtain a view of the major expanse of the Port, these pictures should be viewed by placing number one to the extreme left, then placing the remainder in a chronological sequence to the right of number one, thus viewing the entire range at one time.

2. Locomotive being discharged at Murmansk.
